## We'd love to see you!

We are finally done with our travels and have landed in the Gresham area until March (when we hope to return to Papua New Guinea.) We would love to connect with you, so please let us know if you'd like to get together. We are also looking for small groups to share our story with in hopes of inspiring others to partner in Bible translation through [prayer](#), [financial support](#), or maybe even [going with us](#). Let us know if we can share in your church, Bible study or fellowship group or even if **you** would like to [campaign for us](#) (click or ask us how).

Todd is continuing to work on physical therapy for his back. We are thankful he is making progress. He has also been busy setting up many doctor appointments for the whole family. We are overdue on everything from general check-ups to dentists and optometrists.

Cathy just returned last week from her regional NILD (National Institute for Learning Development) conference in Seattle where she was busy learning about how the brain works. She came back full of information and a long list of books to read. She is also currently working on some classes to renew her teaching license.

Andrew and Alyssa are attending Good Shepherd School this year (Drew 8th, Alyssa 6th). They have both enjoyed connecting with old friends and making new ones.

## Travel Time

At the end of September, we were blessed to spend a few days in the Washington DC area. We toured the DC monuments at night and really enjoyed the solemn atmosphere as the kids took it all in and asked us lots of inquisitive questions. Of course the Smithsonian museums were also a big hit. It was great for our MKs (missionary kids) to see some landmarks of American history.

After our time in DC we headed to Orlando for training with other families who are also on furlough, many of whom serve with us in Ukarumpa. There we all learned about what it means to live between two worlds & we felt re-energized to do the work that God has called us to do.

### Praises & Prayer Requests

- Praise God for the blessing of time as a family in Washington DC and for the opportunity to teach our kids about their home country.
- Praise God for the transition training we were able to attend in Orlando and for a renewed vision.
- Praise God that Todd's back is making progress. Please pray for the process as it continues.
- Praise God for the rich time Cathy enjoyed at the NILD conference in Seattle. Please pray as she works on ways to apply what she has learned.
- Prayer for all of us as we meet with doctors and specialists who can help us prepare to return to PNG in March.
- Prayer that God would supply additional financial partners & prayer supporters that we may return to the work He has placed on our hearts.
